## Council on Persian Culture

The Council on Persian Culture under the auspices of California Zoroastrian Center will have its 11<sup>th</sup> Cultural and Educational conference on December 6<sup>th</sup> 2008.

The Theme of this year conference is related to “Our Youth and Their Life in Diaspora”. Conference will have several speakers and between speeches we will have musical programs, cultural shows and dances.

Following on our Tradition and similar to the last 6 conferences, we have allocated some time to recognize and appreciate distinguished individuals who have been instrumental in preservation and promotion of Persian Culture and/or Zoroastrian Religion with an special Ferdowsi plaque. Last conference recipient of the Award was Dr. Fariborz Maseeh for his vision and contribution to create Jordan Cultural Center at University of California at Irvine (UCI).

We will have executives from UCI as our special guests in order to strengthen the relationship between our Center and this highly successful and emerging academic institution which is on the rise in UC system.

Just like the other 10 Conferences, there is no charge and/or fee to attend. All cultural and educational events at California Zoroastrian Center for Academia and university curriculums are free of charge and fully inclusive for the general public and are supported by the Center. Everyone is welcome specially parents and youth. More information will be provided later.
